

# Immediate Removal of Unauthorised Material from Utility Poles

CUC advises the public that the attachment of any unauthorised material including signs, flyers, banners, wires, antennas, cables and associated fittings on utility poles is a violation of the National Electrical Safety Code (NESC). The NESC is the industry-accepted safety standard for overhead and underground electric utility installations, equipment and work practices.

The public is urged to remove their signs, flyers and banners and other unauthorised material from CUC's utility poles immediately. Beginning in August 2010, CUC's personnel will be removing and properly discarding all unauthorised material from its utility poles.

*For additional information, please contact CUC's Customer Service Department at 949-5200 or e-mail [service@cuc.ky](mailto:service@cuc.ky).*

*The Environmental management system at the North Sound Road Power Plant is registered to ISO 14001.*
