

Powering our Future

CUC's 2013 Scholarship Recipients

Mechanical and Electrical Engineering

Jason Burke

Jason received a three-year scholarship to complete a Bachelor's of Science degree in Mechanical Engineering at the University of Exeter in the United Kingdom.

Jason joined CUC in August 1995 as a Heavy Duty Mechanic in the Mechanical Maintenance Department. Throughout the years he has gradually moved up the ranks and is now the Manager Production Maintenance.

Jovonnie Anglin

Jovonnie received a partial scholarship to complete a Bachelor's of Science degree in Electrical Engineering at the University of Massachusetts in Boston, Massachusetts.

He is a graduate of Layman Scott High School in Cayman Brac and was enrolled in the Company's Summer Student Programme in 2012 and 2013 in the Engineering Services Department.

Nicholas Scott

Nicholas received a partial scholarship to complete a Bachelor's of Science degree in Electrical Engineering at the Florida Institute of Technology in Melbourne, Florida.

He is a graduate of Layman Scott High School in Cayman Brac and was enrolled in the Company's Summer Student Programme in 2012 and 2013 in the Electrical Maintenance Department.

Mechanical and Electrical Technology

Heric Moxam

Heric received a two-year scholarship to pursue an Electrical Technologist degree at the College of the North Atlantic in Newfoundland, Canada.

Heric joined the Company in August 2005 as a Lineman Apprentice before completing his training as a Lineman. He transferred to the Transmission & Distribution (T&D) Planning Department in August 2012 and is now a T&D Planner.

Ronnie Ramoutar

Ronnie received a two-year scholarship to pursue an Electrical Technologist degree at the College of the North Atlantic in Newfoundland, Canada.

Ronnie has been with the Company's Line Operations Department since October 2005 when he joined as a Lineman Apprentice. He completed his training as a Lineman and now serves as a Line Scheduler.

Jimmy Whorms-Bodden

Jimmy received a one-year scholarship to complete his studies in Mechanical Engineering Technology at Durham College in Oshawa, Canada.

Jimmy was employed with the Company between 2008 and 2011 in the Mechanical Maintenance Department before enrolling in college. He returns during the summer holidays to work for the Company.

“ CUC's best investments are those made in the training and development of its people, in particular the young generation of Caymanians, who must be well prepared to meet the responsibilities of the long-term success of the Company. We congratulate Jason, Jovonnie, Nicholas, Heric, Ronnie and Jimmy on embracing this opportunity and challenge and wish them every success in their studies. ”

Richard Hew
President & Chief Executive Officer
