Declaration & Agreement

I understand and agree that per the Electric Vehicle Charging Rates Terms of Service, I will only use this metered service for the purposes of charging an Electric Vehicle.

If my chosen Electric Vehicle Charger has Vehicle to Grid ("V2G") capabilities, I will ensure such capabilities are disabled to maintain compliance with CUC safety and system requirements.

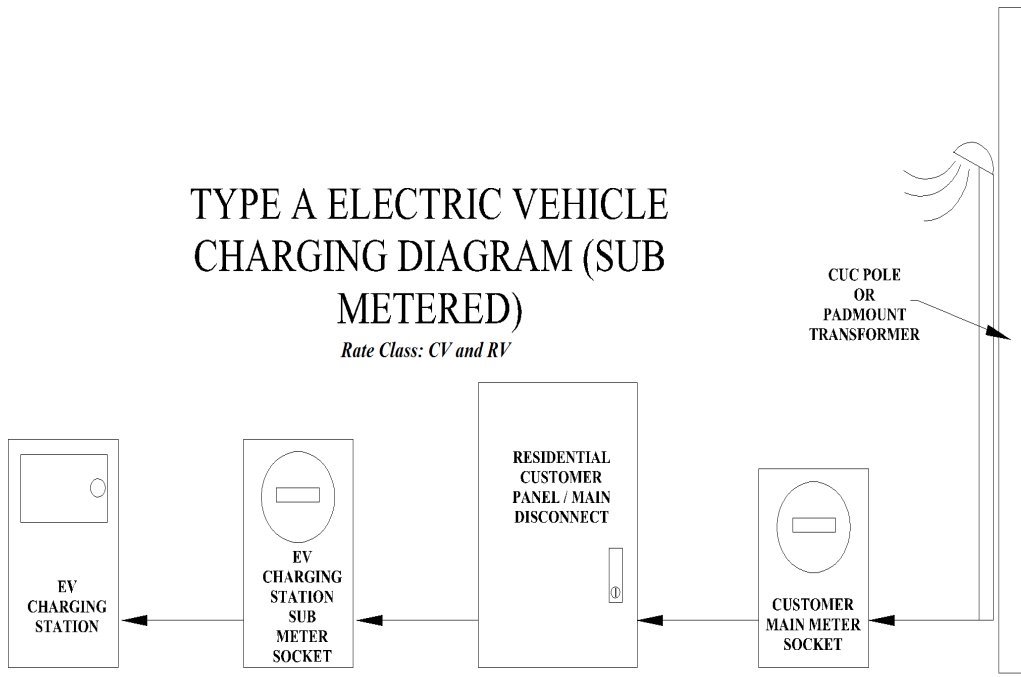

The undersigned declares that the information provided on this application is true and accurate and understands that any false declarations may result in the discontinuation of specific Electric vehicle Charging rates, disconnection of service and/or the assessment of penalties or fees subject to regulatory approval.

TYPE A ELECTRIC VEHICLE CHARGING DIAGRAM (SUB METERED)

Rate Class: CV and RV

TYPE B ELECTRIC VEHICLE CHARGING DIAGRAM

Rate Class: EV

Note: The diagrams provided are illustrative and only represent typical installation configurations. CUC recognizes there are several ways in which an EV charging service might be configured. These are simplified diagrams and are not intended to represent the requirements for all possible situations. In all cases, installations must conform to the Electrical Code of the Cayman Islands and CUC requirements. A customer should arrange to meet with a CUC representative to review specific requirements for their installation by emailing service@cuc.ky.
