Unauthorised Material on Utility Poles

CUC advises the public that the attachment of any unauthorised material including signs, flyers, banners, wires, antennas, cables and associated fittings on utility poles is a violation of the National Electrical Safety Code (NESC). The NESC is the industry-accepted safety standard for overhead and underground electric utility installations, equipment and work practices.

Accordingly, CUC hereby gives notice that such unauthorised material must be removed immediately. CUC is entitled at all times to remove and dispose of any unauthorised material. CUC shall not be responsible for any damage howsoever caused in connection with the removal of such material.

Only authorised CUC employees or contractors are permitted to install, remove or otherwise work on the Company's utility poles.
