Press Release

Thursday's outages explained

On Thursday, June 27, customers in parts of Rum Point, Bodden Town, George Town, West Bay Road and West Bay experienced interruption to their electricity service between 12:55 p.m. and 2:45 p.m.

This interruption to service was due to a temporary loss of electricity supply to two generating units within the North Sound Road Power Plant.

CUC's crews worked safely to identify the problem and restore power as quickly as possible with service being restored to all customers by 2:45 p.m.

CUC sincerely apologises for the inconvenience the outages may have caused.
